

# Manual Foot Pump

Series : LFP

Two Speed Design | Working Pressure : 700 Bar | Material : Steel

- Rigid and stable base design for foot operation.
- Less operator fatigue.
- Widely used with crimper & cutter heads.
- Over load protection valve.

Pump Type	Model	Reservoir Capacity (cc)	Volume Per Stoke(CC)		Working Pressure (Bar)	Dimension L x W x H (mm)	Weight (Kg)
			Low Pressure	High Pressure			
Two Speed	LFP-28	800	13	2.3	700	650 x 200 x 140	7
	LFP-215	1,500	13	2.3	700	740 x 175 x 185	16

# Manual Foot Pump Kit

Series : LFP-K | Two Speed Design | Working Pressure : 700 Bar | Material : Steel

Lifton manual foot pump kit consist of 3 meters long high pressure hose assembly fixed with quick male release coupler at one end. Also supplied with 64mm dial glycerine filled dual scale, 0-700 bar/0-10000 psi pressure gauge fixed on a gauge mounting block.

Pump Type	Model	Reservoir Capacity (cc)	Volume Per Stoke(CC)		Working Pressure (Bar)	Dimension L x W x H (mm)	Weight (Kg)
			Low Pressure	High Pressure			
Two Speed	LFP-28K	800	13	2.3	700	750 x 175 x 185	8.5
	LFP-215K	1,500	13	2.3	700	900 x 175 x 185	17.5
